FINANCIAL HARDSHIP POLICY

Orbit Satellite is committed to assisting customers facing Financial Hardship to maintain access to satellite communication services. This policy is intended to help those in a situation of Financial Hardship who are willing to pay their bill, but unable to do so within the prescribed time frame.

We offer our Customer Care secure online facility at <https://orbiting.com.au/login/> that enables you to monitor your billed and unbilled usage at any time. You should use this facility to ensure that your ongoing use of our services remains consistent with your ability to pay for them.

However, we recognize that sometimes unexpected events in your life may affect your ability to pay us for the Orbit Satellite services you have used. Orbit Satellite has established this Financial Hardship policy to cover these unforeseen circumstances or unexpected situations that may impact our customers' current financial commitments.

Unforeseen or unexpected circumstances may include loss of employment, relationship breakdown, injury, illness or hospitalization, loss of a family member, natural disaster, or any other reasonable cause.

Orbit Satellite provides a range of payment and service options so you can stay connected now and in the future.

These include

- Spend controls
- Restriction of service
- Transferring to a pre-paid service or a lower cost service where available
- Payment arrangements
- Waiving late payment fees
- Waiving cancellation fees

You can contact us on 07 4401 5864 during office hours (8:00am to 4:30pm AEST Monday to Friday) to discuss our Financial Hardship policy or your individual situation. Please ask to discuss your payment options.

A trained staff member will work with you to understand your situation, and to develop an appropriate payment solution that will help you manage the payment of an outstanding amount you may have, or an Orbit Satellite invoice that you are expecting in the near future. We will also assess the level of your satellite usage to ensure that you are aware of your service options and are able to control the amount of your future bills.

We assess each customer's application for Financial Hardship assistance based on their own individual financial circumstances. To make a Financial Hardship assessment for you, we may need to ask you some questions about your situation, such as your current financial circumstances, income details, whether this situation is temporary or not, and the types of Orbit Satellite services you need to use.
